### **Lab-Aire® II Drying Racks**

Available in single- or double-sided, benchtop or wall mount, with up to 114 peg positions

Use these high-capacity racks to safely dry and store frequently used or fragile labware. Rugged, white ABS plastic body and contrasting blue pegs will never corrode and are easy to clean. Racks come with three sizes of V-channel pegs that can be repositioned to hold a variety of labware. Drip tray are molded-in scalloped wells to accommodate long, thin labware such as burettes and pipettes.

Single-sided models can be placed against a wall, conserving bench space. Double-sided freestanding models provide twice the capacity with only a slightly larger footprint. Wall-mount models have mounting points sized to fit standard pegboards; hardware not included.

### **Labware Drain Stand, Epoxy-Coated Steel/PS**

Drain stand is designed with four rows of supports to accommodate up to 26 pieces of labware. The top row has twelve 4" L epoxy-coated steel straight pins for smaller items. The bottom three rows have fourteen epoxy-coated steel hair-pin loop supports for larger labware. Drain tray is made from polystyrene (PS) and the legs have rubber feet to keep stand in place. Loop on back of stand allows for easy wall mounting.
