Modular Carboy Racks, PP

Why spend time and effort hauling liquids from storage areas to dispensing sites? These rugged racks keep fluid supplies close at hand. Racks are made from a blend of polypropylene and proprietary additives for strength and rigidity—they are heat and chemical resistant, easy to maintain, and rust free.

Modular design lets you assemble racks in minutes without tools. Available in three heights featuring three, four, or five shelves. Each shelf can hold a five-gallon carboy as shown. All units require only 14" x 15½" of floor space.

Carboys 06060-10 shown measure 9¾"W x 10¼"H x 15"D. Order carboys separately on page 239.

Catalog number	Shelves	Overall dimensions	Price
K-62510-00	3	15½"W x 26"H x 14"D	
K-62510-10	4	15½"W x 37"H x 14"D	
K-62510-20	5	15½"W x 48"H x 14"D	

Top Works™ Closures, PP for NALGENE® Bottles and Carboys

Flexible Top Works closures are available in solid (no ports), 2-port, and 3-port versions. Closures are polypropylene (PP). Platinum-cured silicone tubing is fused to a silicone stopper insert that forms a one-piece closure system. Autoclavable and leakproof.
