

Specialist Ophthalmoscope

The World's finest

We recognise that illumination is of fundamental importance to good diagnosis. The new re-engineered optics give 30% more Xenon illumination. And because it is longer lasting that means fewer bulb changes giving greater peace of mind.

30% more illumination

Re-engineered optics give 30% more illumination to get through cloudy media, cataracts, etc.

Lightweight and well balanced

Almost 50% lighter, the new Specialist combined with the lithium handle is perfectly balanced.

Expanded diopetre range

The Specialist offers the most comprehensive lens range available in a direct ophthalmoscope +44D to -45D lens range in 1D steps, guarantees optimal diagnosis in any situation.

Slimmer optics

Slimmer and enclosed viewing optics enable you to get closer to the eye providing a wider field of view.

Premium hand made optics

The Morton Lens Track system, made up of individually ground glass lenses ensures an optimal view.

New Cobalt Blue filter

The new blue filter can be used in conjunction with fluorescein dye for the detection and examination of corneal scars and abrasions.

Pupillometer gauge

The pupillometer disc allows quick and easy estimation of pupil size.
