

VWR® Easyplate™ Petri Dish Rack

Simplifies the organization, storage, and transport of petri dishes. Increases sample capacities of incubators and benchtops.

Four-channel design accommodates stacks of 100mm diameter petri dishes. Silicon edges on the channels allow random entry and retrieval of dishes and hold them securely in place, media side up. Center channel maximizes CO₂ flow through rack. Constructed of lightweight, chemical-resistant polycarbonate. Autoclavable. Two heights are available: 22.9cm (9") for storage of up to 48 dishes, and 35.6cm (14") for storage of up to 84 dishes.

Ordering Information: Assorted colors pack includes one rack in each of the following colors: white, red, yellow, and blue

84-Dish Capacity

Cat. No.	Color	W x L x H
10600-102	Blue	17.8 x 17.8 x 35.6 cm (7 x 7 x 14")
