Essential in patients' rooms.
They give patients the chance to eat, read,
write etc... whilst in bed.

Thanks to their outstanding height
excursion, the Overbed Tables
Model L1 and L2 are ideal for use with
variable height beds and by patients
sitting in relaxer chairs.

LEONARDO

The new Overbed Tables Model L1 and L2 solve the problem of having an overbed table easy to handle, even by the patient himself, practical and easy to clean, provided with plastic laminated table top of cm 85x35 and with a vanity drawer for model L2.

All these characteristics make the overbed tables Model L1 and L2 an ideal instrument which is appreciated by the users day after day.

Shock absorbent ABS borders

Height adjustable laminated table top

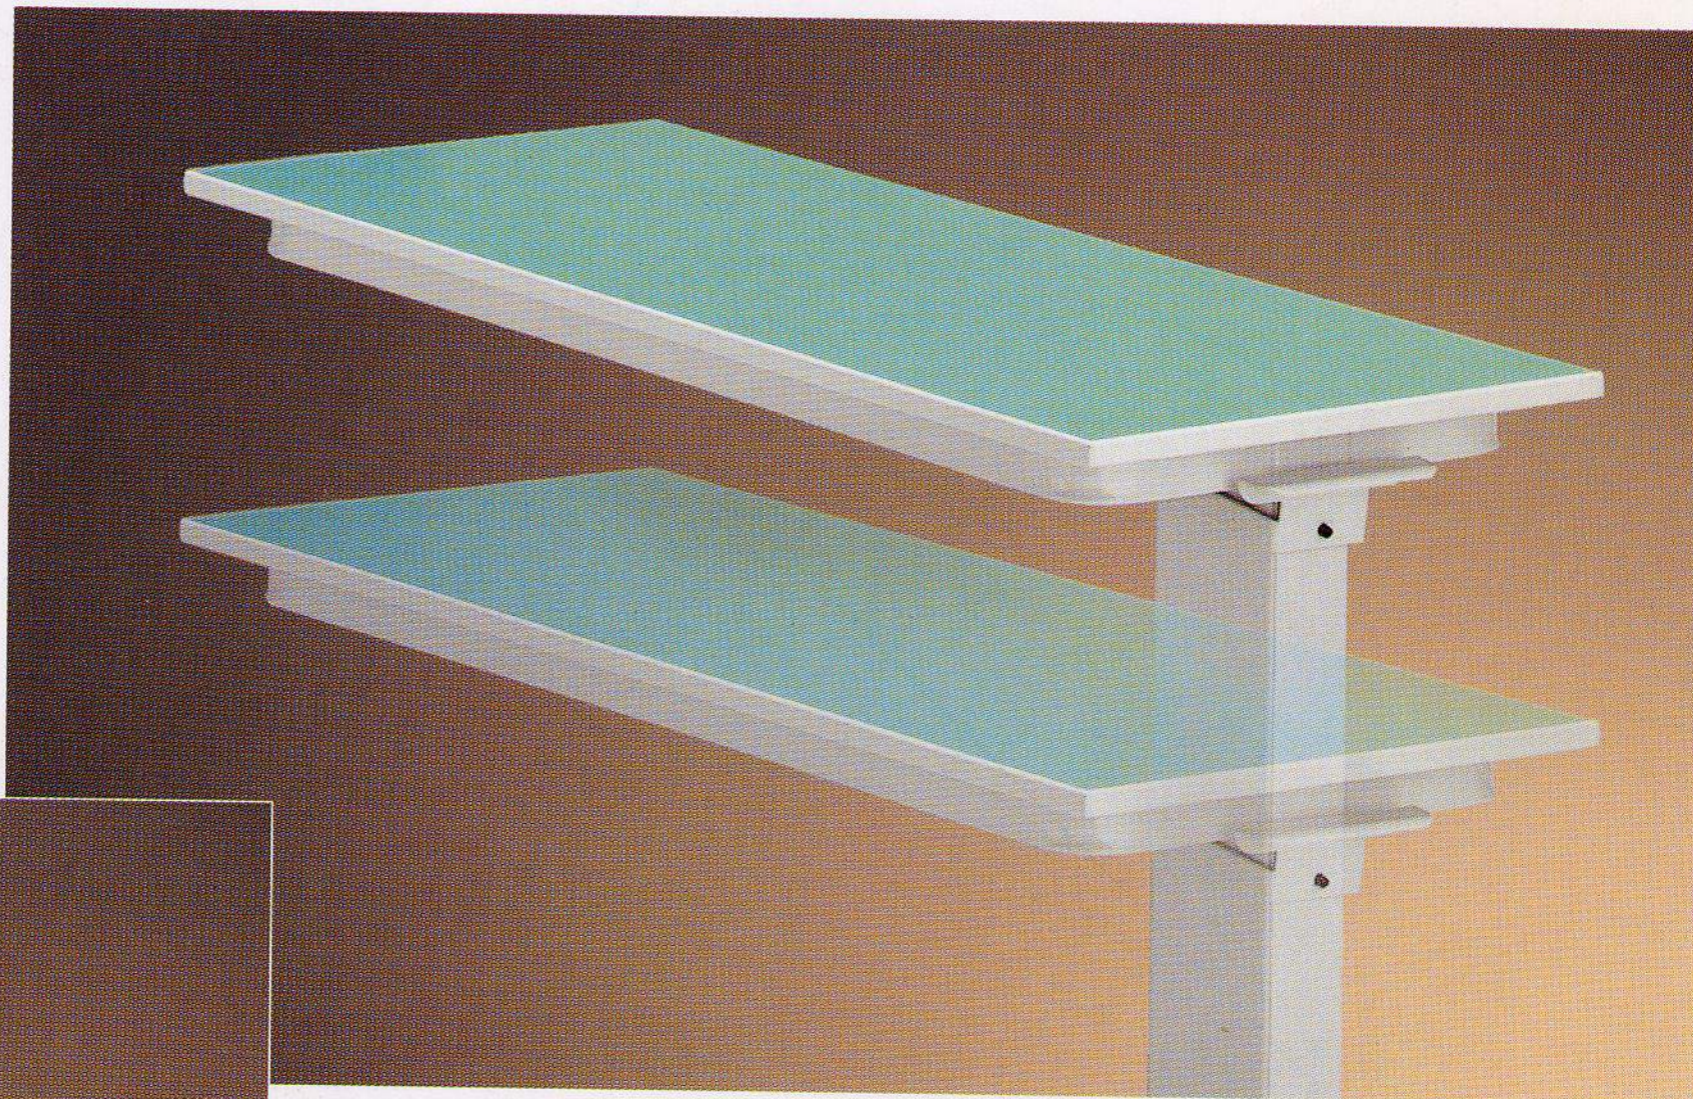

Lowering band lever

Mod. L1

New "U" shaped base for more stability and functionality

Mod. L1
