

Metron® Plus Massage Table. Features a specially designed head piece that adjusts to suit the face of each patient; the head piece also tilts. Arm rests are located underneath and forward of the head cushion to enhance patient comfort (arm rests are sold separately). The table facilitates excellent access to the patient's thoracic and lower spinal regions. Casters can be retracted from either side of the table. Under-table clearance 5 1/2". Includes foot switch.

Hausmann® Portable Massage Table.

Weighs only 33 lbs, yet has a user capacity of 600 lbs. Multilayered, semi-firm foam is 2 1/2" thick and covered in comfortable, PVC-free urethane upholstery. Precision-welded aluminum frame adds durability. Comes with an adjustable face cradle with ultra-soft cushioning. Push-button adjustment allows heights ranging from 24" to 32". Top is spacious 28"W x 73"L. Includes carrying bag with shoulder sling. Indigo Blue. 0815-97-897

NEW Oakworks® PT400M Massage Table.

The most advanced massage table on the market, the PT400M provides excellent access to your patients and offers comfortable support. The powered center break in prone position opens up their back muscles and relieves pressure in the lower back; in supine, it takes the pressure off the lower back and creates a gentle abdominal stretch. The center break allows you to continuously stretch the patient's muscles in side lying, prone and supine positions, by slowly raising the center as the session progresses. Includes QuickLock™ face rest with Boiance cushion pad. 29.5"W x 77"L (including headrest) x 17"H–34"H. Lift capacity 550 lbs.

Optional Accessories

The **Extension Pad** can be used at the head or foot end and as an arm shelf with the arm Shelf Bracket accessory. **Rotating Side Arm Rests** support the patient and take advantage of the narrow 22" width; the armrests pivot in and out, and can be easily removed. The **Shelf Bracket** attaches to the head end of the PT400M and can be used with the Extension Pad to create a lowered arm rest shelf.
