

AS1 PRO

COMPRESSOR NEBULIZER SYSTEM FOR INTENSIVE USE

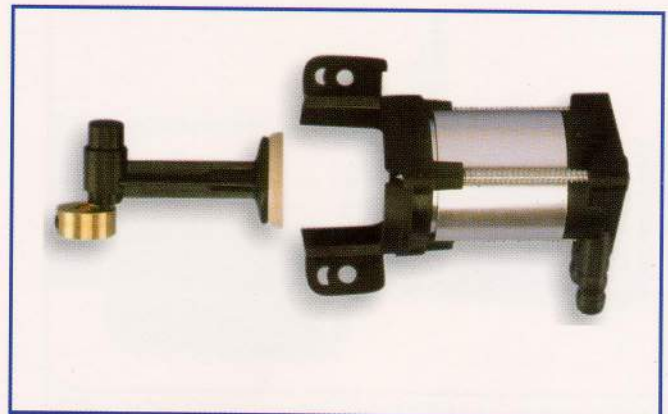

AS1 PRO

COMPRESSOR NEBULIZER SYSTEM FOR INTENSIVE USE

MEDEL AS1 PRO is a system for aerosol therapy especially recommended for intensive use.

- Fitted with the new Medel Z2P piston type compressor which guarantees high power (3.4 bar pressure) and reliability, due to the aluminium cylinder and to the exclusive eccentric/rod patent lubrication system.
- MEDEL AS1 PRO has been tested for 2000 hours of use and is **guaranteed for 5 years**.
- The chassis is constructed from shock resistant materials and includes ample storage space for accessories, a convenient carrying handle and air filter.
- MEDEL AS1 PRO is supplied with autoclavable inhalation/exhalation valves system MEDELJET PLUS nebulizer which guarantees an optimum absorption of medication in a shorter period of time.

DETAIL OF THE ALUMINIUM CYLINDER AND THE ECCENTRIC/ROD PATENT LUBRICATION SYSTEM

MEDEL AS1 PRO - TECHNICAL SPECIFICATIONS

Dimensions: (H) 125 x (L) 175 x (P) 295 mm
 Weight: 2,3 Kg
 Compressor Flow: 12 l/min
 Nebulizer Chamber Flow: 7 l/min
 Compressor Max Pressure: 3,4 bar
 Power: 230V/50 Hz, 1A (other voltages available upon request)
 Noise Level: 55 dbA
 Guarantee: 5 years
 CE 0123

MEDEL AS1 PRO - PRODUCTS AND ACCESSORIES

90170 MEDEL AS1 PRO

SUPPLIED WITH:
