

Extech EasyView Wide-Range Light Meter w/NIST-traceable certificate **EW-01588-66**

This meter measures light intensity up to 400,000 lux in five ranges and 40,000 footcandles in four ranges. Unit is color and cosine corrected. Large LCD simultaneously displays readings numerically and in a bar graph format. Meter utilizes a precision silicon photodiode sensor to obtain readings. Includes an NIST certificate of traceability from the manufacturer.

What's Included:

built-in stand, remote sensor with protective cover and 5-ft (1.5-m) coiled cord, protective holster, and 6 AAA batteries

Specifications	
Product Type	Light Meters
Foot Candle Range	40, 400, 4000, 40,000
LUX Range	40, 400, 4000, 40,000, 400,000
Resolution	0.01 lux/ftc
Dimensions	3" W x 6" H x 1 1/2" D (7.6 x 15.2 x 3.8 cm)
Power	6 AAA batteries
Accuracy	±3% reading + 5 digits
Function	peak hold, data hold, minimum/maximum, relative zero function, difference from reference value, overrange indicator, auto power off, and low battery indicator
Display	3 3/4-digit LCD, 1 3/4"H
Output	None
Model	EA30-NIST
Qty/ea	1
Weight	8.3 oz (235 g)
Manufacturer number	EA30-NIST
Brand	Extech
