

Model : PA 06 / PA 12 / PA 21 / A 21S

Features:

- SS Seamless diepressed deep drawn chamber
- μ p based PID controller with dual display for Temp. & Time
- Fully SS construction
- High pressure high vacuum option
- Dual safety valves

- Unique shape heater of outer SS tubing
- Food grade silicon rubber gasket for better durability
- Specially designed heater for optimum chamber usage

- Calibrated temperature-cum-pressure gauge
- Colour coded monitoring gauge

- SS Safety valve
- Vacuum breaker to remove air pockets in the chamber
