**Histology**

**Paraffin Section Mounting Bath**

**Product Description**
- Easy manipulation of the section avoids problems with wrinkles, folds, and distortions.
- 2.5 liter one-piece black interior is easy to clean and provides constant clear visibility of the sample.
- Aluminum exterior with polypropylene lid is durable and easy to clean.
- Easily replaceable heating element.
- Built-in controller regulates the temperature range of ambient to 75°C (Model MH8513B); 40°C to 80°C (Model MH8514B).

**Operation**
- Front mounted on/off switch and temperature control knob allows for complete control of the unit.
- Excess or damaged surfaces can be easily removed by skimming a filter paper over the water surface.

**Safety**
- Built-in safety device shuts off the energy supply to the heater in the event of an overheat condition such as boiling dry.
