

# Ductless Fume Hoods, Balance Enclosures and Glove Box

3' XPert Filtered Balance System is shown with 36" Solvent Storage Cabinet (9902100).

3' Paramount Ductless Enclosure (6963301)

Precise Controlled Atmosphere Glove Box (5220100) is shown with Adjustable Height Base Stand with 5" casters (5235500).

- **Paramount® Ductless Enclosures** use carbon filters to rid the work area of hazardous fumes and vapors, and in some cases, use HEPA filters to remove particulates. Filters are sold separately.
- **XPert® Filtered Balance Systems** provide user protection by keeping powders and particulates contained during weighing procedures.
- The **Precise® Controlled Atmosphere Glove Box** provides a leak-tight environment for work with contamination-sensitive materials.

## Labconco XPress Ordering Information\*

Catalog	Description	Catalog	Description
