

BASIC LIFE SUPPORT

Track and analyse
CPR performance
with the 3B Scientific
CPRlillyPRO™
simulator

No tools are necessary thanks to strong magnetic connections.

Your advantages of training with CPRlillyPRO™:

- Easy to use with magnetic connections – no extra tools necessary
- Very hygienic thanks to the separate air chamber system
- Extremely durable material suited for large training settings
- Fast cleaning process for efficient time management
- Includes tablet and software for measuring training success with PDF view

Qualified CPR Training with CPRlillyPRO™

CPRlillyPRO™ – The best choice for your professional CPR training courses. All relevant parameters can be monitored comfortably and easily via the tablet provided. Trainers and trainees will very quickly attain the chosen training target via the direct feedback feature. The face masks can be changed, and are easy to clean. The software can control the carotid pulse and the eye movements. CPRlillyPRO™ can react by opening the eyes when spoken to by the trainee.

The correct head tilt, individual carotid pulse, and the moveable jaw to demonstrate the jaw thrust manoeuvre, provide realistic scenarios. CPR training with the CPRlillyPRO™ complies with the latest AHA and ERC guidelines.

Displayed training parameters:

- Compression depth
- Compression frequency
- Hand position
- Head tilt
- Respiration volume/speed (combined)
- Respiration pressure

Comes with carrying bag. 78 x 39 x 26 cm, 9 kg

Light Skin M-1017773

Dark Skin M-1017775

*** new**

Add the intubation head and also train advanced life saving techniques with CPRlillyPRO™.
